

The Interactive Merchant System

Add
Big
Business
Resources
to
Your
Location

Take control of your merchant account with the Interactive Merchant System (IMS) from United Bank Card. The IMS is an online reporting tool that provides you with immediate access to your account information 24 hours a day, 7 days a week via a secure Internet application. The Interactive Merchant System is provided exclusively to United Bank Card merchants and will reduce costs and simplify the accounting process for your business.

A Comprehensive Account Management Tool

The Interactive Merchant System is the premier resource for streamlining the management of your merchant account. By utilizing the IMS's advanced reporting features, you will be able to view and download your merchant statements, settled transactions and your batch history. You can even find specific transactions by searching by date range or credit card number.

Improve Efficiency at Your Location

With the Interactive Merchant System, you will be able to order supplies for your credit card equipment, access instructional documents and have all your merchant account questions answered instantly by chatting with a customer

service or technical support representative online in real-time. The IMS also alerts you to any chargebacks or retrieval requests on your account, enabling you to act promptly.

Improve Your Business with the IMS and Signature Capture

The ability to monitor your merchant account and access your receipts online will improve efficiency at your business and provide you with a technological advantage over your competition. Add the benefits of online reporting to your business. Contact your local sales office today and take advantage of the many features of the Interactive Merchant System!

For more information about the Interactive Merchant System, contact your local sales office or try our demonstration version of the IMS by visiting www.unitedbankcard.com and logging on with the following user name and password:

User Name = IMSDEMO
