

UBC Plug-In

from United Bank Card

United Bank Card's UBC Plug-in* allows you to enjoy all of the benefits of Intuit® QuickBooks®** while improving your merchant services and lowering your rates through United Bank Card's superior processing.

SIMPLE SOLUTION

The UBC Plug-in integrates seamlessly into existing accounting software so your QuickBooks® functionality will remain unchanged. You will be able to manage credit card and check transactions in addition to tracking bills, invoices and settlements as you always have. There are no changes required to your current system!

ENHANCED SERVICE

You will retain all the benefits of managing your finances with QuickBooks® and will receive award-winning customer service and technical support from United Bank Card. Our in-house support staff is ready to handle all of your needs 24 hours a day, 7 days a week, 365 days a year!

LOWER YOUR PROCESSING FEES

United Bank Card offers some of the most competitive rates available and can dramatically reduce your processing fees. We will even perform a free cost comparison review, which will provide you with a detailed proposal and a breakdown of your annual savings when you switch to United Bank Card. This is by far the most cost-effective QuickBooks® solution on the market!

IMPROVE YOUR MERCHANT SERVICES WITH THE UBC PLUG-IN AND UNITED BANK CARD

United Bank Card can help you improve transaction processing procedures and enjoy tremendous savings by incorporating payment processing into your QuickBooks® software.
